Christmas Spirit Poinsettia

Christmas Spirit Poinsettia

Very large-bracted Christmas Spirit offers a rich red color for enormous retail appeal. This variety is best suited for large pots thanks to its high vigor and early flowering. Plus, this versatile poinsettia won't delay in the heat for Southern growers, and is a superior choice for cold-finish production.

Characteristics

Season:	Foliage:	Natural Flower (first pollen):	Response Time in weeks (first pollen):	Vigor:	Average Bract Size:	Post Harvest:
Early Season	dark green	Nov. 12-19	7.5	high	very large, pointed	very good

Finishing Recommendations

Energy Efficient: (see note 1)	Cool Finish (24 hrs avg.): (see note 2)	Space Efficient: (see note 1)	Recommended spacing for 6":
●●●	60°F / 15°C	●	14"x14"

Containers

2.5" Mini:	4 - 5":	6":	8":	10":	Tree/Pyramid:

1. Energy Efficient/Space Efficient:

Varieties are rated from most (●●●) to least (●) efficient. Contact us for guides.

2. Cool Finish:

Indicates minimum temperature starting two weeks after the beginning of short days. Please note that a crop grown cooler requires more time to finish (4 to 7 days), and will have smaller bracts and darker color (for example, white may turn cream-yellow). Toward the end of the crop (two weeks prior to shipping), slowly lower the temperature for green-leafed varieties to 65°F (18°C) day/night and dark green-leafed varieties to 63°F (17°C) day/night.
